A CREATIVE OUTLET  
FOR ART, MUSIC, AND  
LIVING.

# Hello.

I am Seth McClimans, a Fourth-Year Business Student at the University of Victoria. Since a young age I've been interested in learning and applying design to the real world, taking up any opportunity possible to learn the tools that can enable me to create limitlessly.

I am interested in applying design principles to solve real-world problems. This LookBook aims to help show my competency in the Adobe Creative Cloud.
